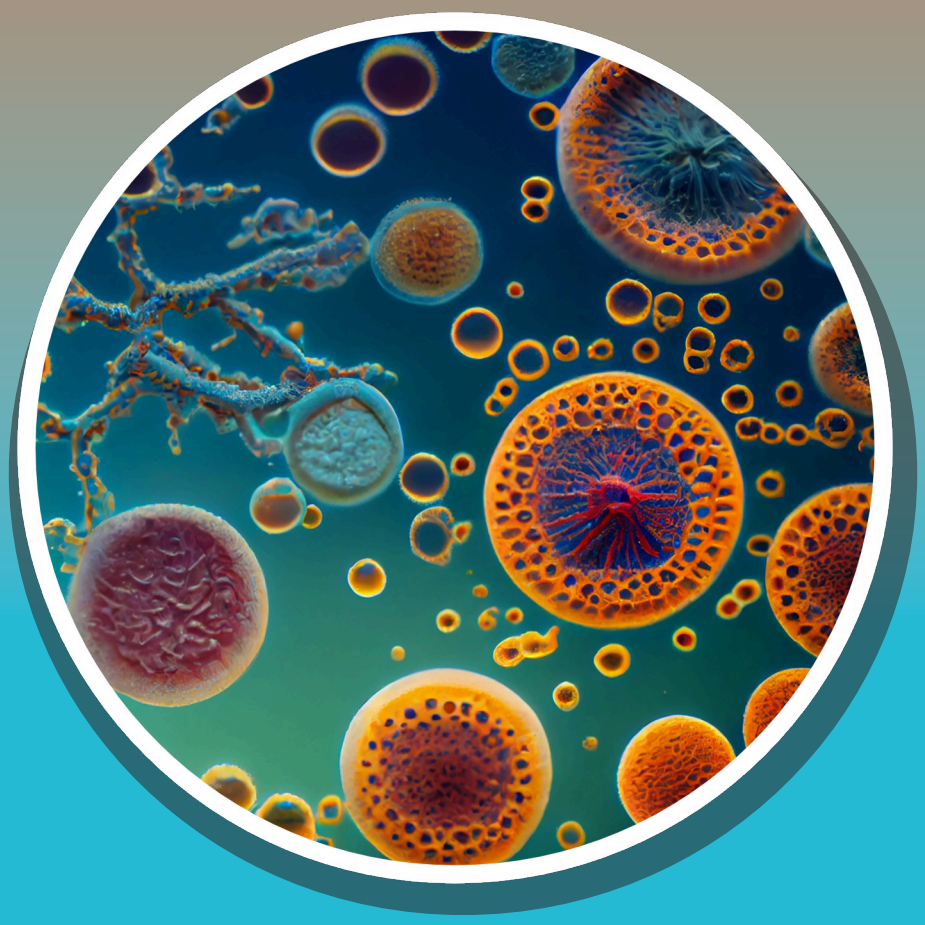
WHY STUDY...

SCIENCE

Check out some of the jobs you can do, the skills you'll develop and pathways available!

JOBS

Aerospace Engineer
Anaesthetist
Biochemist
Biomedical Scientist
Criminologist
Geoscientist
Health Visitor
Hydrologist
Midwife
Nurse
Oceanographer



SKILLS

- Numeracy
- Problem Solving
- Analytical Thinking
- Report Writing
- Communication
- Teamwork

PATHWAYS

APPRENTICESHIPS
AVAILABLE IN

- Animal Technologist
- Bioinformatics Scientist
- Clinical Dental Technician
- Community Energy Specialist
- Dairy Technologist
- Environmental Health Practitioner
- Food Technologist
- Gas Engineering Operative
- Geoscientist
- Hygiene Specialist
- Laboratory Technician

FURTHER EDUCATION

- A Level - Biology
- A Level - Chemistry
- A Level - Physics
- T Level - Health
- T Level - Healthcare Science
- T Level - Science
- BTEC - Applied Science
- BTEC - Health and Social Care
- BTEC - Forensic and Criminal Investigation

HIGHER EDUCATION

- BSc (Hons) in Marine Science
- BSc (Hons) in Actuarial Science
- BSc (Hons) in Politics and Data Science
- BSc (Hons) in Computer Science
- BSc (Hons) in Pharmaceutical Science
- BSc (Hons) in Sport Science
- BSc (Hons) in Zoo Science
- BSc (Hons) in Engineering and Applied Science
- BA (Hons) Child Health and Wellbeing
- BSc (Hons) in Paramedic Science
